Groups will love the completely renovated **Timber Cove Resort**, which sits on a bluff over the water in the little town of Jenner. Closed since January 2016, the iconic Northern Cal hotel reopened in August with the final round of renovations completed in the fall. Timber Cove boasts 46 guest rooms and meeting spaces (including two decks and an events lawn) that can accommodate up to 120 guests. Group wellness activities can be coordinated by the VIP experiences manager and include surfing, kayaking, stand-up paddleboarding, coastline hikes and—of course—wine tasting.
